

Marina Day! June 13th, a day to celebrate with the Catalan marinas

The initiative is headed by ACPET and its aim is to bring marinas closer to citizens

There will be during the day a great variety of activities for all ages

The Catalan Association of Marinas (ACPET) organizes the Marina Day, to be held on Saturday June 13th. 33 ports from all the Catalan geography will take part in the event with the goal to bring marinas closer to the citizens. During all the day marinas will organize a wide variety of nautical recreations and other activities devoted to families.

ACPET underscores that Marina Day wants to show that marinas are not elitists places but open to everyone. You don't need to own a boat to enjoy its nautical services and its cultural, nightlife and gastronomical offer. Marina Day will provide short trips on boat, fishing tournaments, tour visits through the marina facilities, diving experiences, music shows and many more activities.

Information about Marina Day will be regularly updated on the ACPET website, on its Facebook and Twitter accounts, by the monthly newsletter Port News and through all the marina of ACPET:
